ipeterson@offshoresource.com

Offshore Source helps key decision makers analyze developments in the Oil & Gas, Renewables, Maritime and Finance markets.

Our experienced editorial team gathers essential daily market intelligence on company announcements, forecasts, contract and project updates, and turns it into an easy-to-read snapshot of this fast-paced sector.

Offshore Source also offers subscribers access to its exclusive database and archives of industry indicators, stocks and indices dating back to the 1970s, while our free and intuitive Chart Builder allows users to transform data, both current and historical, into insightful and meaningful analysis.
